

LGK-3901/DSK-3901 V4.x Release Notes

2013-1-10

Software Update Procedure

LGK-3901/DSK-3901 requires the following CPIO.GZ archive file for a software update

- **lgk-4.6-xxx.cpio.gz**

The following steps are required to perform a software update via the LGK-3901/DSK-3901 web page:

- From a networked PC on the same network as the card, open a web browser and type in the IP address of the card.
- Click the "LOGIN" button.
- Type in the web administrator password (default "miranda") to log into the card's web page.
- Choose the "Software Upgrade" option from the left-hand menu.
- In the "Software Upgrade" section, click on the "Browse..." button and then select the required CPIO.GZ archive file.
- Check the "Are you sure?" checkbox and then click on the "Software Upgrade" button.
- Upgrades take approximately 2 minutes during which time three LEDs on the front edge of the LGK-3901/DSK-3901 card will become orange and cycle continually.
- After the software installation process completes, the card will automatically power cycle and boot the new software.

IMPORTANT: Do not eject the card during a software upgrade. Doing so will interrupt programming and may render the card inoperable.
